Acting in your interest

To ensure that I prioritise your interests above my own, I follow an advice process that ensures that my recommendations are made on the basis of your personal goals and circumstances. I undergo training on how to avoid conflicts of interest. Maurice Trapp Group Limited maintains and monitors a register of conflicts of interest, and the gifts and incentives I receive including an annual review under our compliance programme.

How do we get paid?

Maurice Trapp Group Limited does not charge any fees or expenses for any financial advice, claims assistance or policy servicing provided to my clients, unless agreed in writing.

Maurice Trapp Group Limited receives commissions from providers whose products I give financial advice on (insurers and KiwiSaver providers). If you decide to take out insurance or to take my KiwiSaver advice, the provider will pay a commission to Maurice Trapp Group Limited, a percentage of which (64% for insurance) is paid on to me as your financial adviser. The amount of commission received by Maurice Trapp Group Limited is based on the amount of your annual insurance premium or the investment balance for your KiwiSaver.

From time to time, product providers may also reward me in the form of tickets to events, hampers or other incentives.
